# ONE DOLLAR, ONE DREAM AT A TIME

Working on our MDC/Richmond American Homes Foundation community report is always an opportunity to reflect on our past triumphs and position ourselves to make a difference in the years to come.

Since the Foundation's inception in 1999, our mission has been to build stronger communities, both in our backyard and across the globe. Millions have been given to bring people out of poverty, champion healthcare and education, enhance public safety and promote tolerance. Nearly 25 years later, we're extremely proud of how far our dollars have stretched to aid with these efforts.

Seeing the fruits of our labor has only motivated us to do more. The new goal post is continuing to build a legacy for generations to come. We no longer ask how we can make an impact; rather, we ask how we can make the greatest impact.

In the following pages, we highlight organizations that inspire us. At first glance, the diversity of these organizations may seem vast—a nonprofit aiding veterans, an after-school program, a foundation investing in quality patient care—but closer inspection reveals their connection. While the exact objectives of each may differ, they are synonymous in their integrity and passion for bettering our communities.

We move forward with confidence. Our legacy will be built—one step, one dollar, one dream at a time.

Warm regards,

# MDC GIVES BACK.

## BUILDING BETTER COMMUNITIES THROUGH A CULTURE OF GIVING.

From day one, M.D.C. Holdings' founder and current Executive Chairman, Larry A. Mizel, looked for ways to make a difference. From helping Colorado's young farmers and ranchers attend college through the Denver Rustlers, to working with employees and subcontractors to raise \$1 million for victims of 9/11, giving has been a huge part of our company culture.

Throughout the years, building stronger communities became just as important to us as building homes. In 1999, donations were taken to the next level with the formation of the MDC/Richmond American Homes Foundation, which quickly became the main vehicle for giving back.

From championing healthcare to supporting education, making a difference takes on many forms. However, our mission is clear. We will continue to aid local and global nonprofits desperately in need of funding.

GIVING HAS ALWAYS PLAYED A SIGNIFICANT ROLE IN COMPANY CULTURE.

# LAYING THE FOUNDATION FOR CHANGE.

## HELPING ORGANIZATIONS DEDICATED TO MAKING A DIFFERENCE.

Once the MDC/Richmond American Homes Foundation was established in 1999, the focus on giving gained momentum. In its first year of giving, the Foundation donated a total of \$250,000, with funds going to The Denver Campus of Jewish Education, the Tennyson Center for Children and the Gold Crown Foundation.

Directing funding where it was needed most became a streamlined process and the Foundation was able to act quickly in times of crisis. In 2010, following the devastating earthquake in Haiti, Colorado governor Bill Ritter

organized a mission to bring 32 orphans in the final stages of adoption safely home to new parents. The Foundation was quick to lend financial support and helped make the governor's mission possible.

Likewise in 2020, with a global pandemic rocking our nation and the world, the Foundation wanted its Fidelity Donor Advised Fund contributions to help with relief efforts. At the Foundation's recommendation, Fidelity's fund made a substantial donation to Mile High United Way for COVID-19 assistance.

The following pages detail similar success stories. Millions of dollars have been aimed at creating positive change by helping organizations that share our passion for making a difference.

Always searching for new and innovative ways to deepen its impact and broaden its reach, the Foundation restructured in 2016 to align with Lion Global Foundation. Together, they have expanded their opportunities to engage in effective philanthropy.

## FOUNDATION HISTORY

1999

- The MDC/Richmond American Homes Foundation is formed to take charitable giving to the next level.

2002

- Giving commences in earnest with the Foundation donating a total of \$250,000 to charities in need.

2005

- The MDC/Richmond American Homes Foundation begins partnership with The Denver Post Charities' annual Season To Share fundraising campaign with an inaugural corporate sponsor donation of \$100,000.  
- \$1 million is given to the National Homeland Defense Fund by the MDC/Richmond American Homes Foundation.

2012

- The MDC/Richmond American Homes Foundation commits \$1.25 million to History Colorado Center (left).  
- With a focus on supporting healthcare, Denver Hospice and Shalom Cares each receive \$100,000 from the Foundation.

2015

- The Foundation commits \$50,000 to the USS Colorado Commissioning Committee in support of our nation's Navy.

2006

- Victims of Hurricane Katrina receive more than \$200,000 from the MDC/Richmond American Homes Foundation.

2010

- After the devastating earthquake in Haiti, the MDC/Richmond American Homes Foundation joins forces with Governor Bill Ritter to bring adopted Haitian children home to their Colorado families.

2016

- The Foundation's cumulative contributions to The Denver Post Charities' Season To Share program reach \$1.7 million.
- The Foundation forms a strategic alliance with Lion Global Foundation to deepen the impact and broaden the reach of both organizations.

2023

- The Foundation celebrates nearly 25 years since inception! We look forward to continuing to support our mission to lift up communities through giving.

# CREATING AFFORDABLE HOUSING.

Thousands of people experience homelessness in the U.S. every year. It's a problem that's especially close to our hearts, and the reason we support organizations focused on providing safe housing.

## SAFE AND DIGNIFIED HOUSING

HomeAid® Colorado's mission is to help people experiencing or at risk of homelessness build new lives through construction, community engagement and education. Since its inception 25 years ago, they have completed over 43 construction projects valued at nearly \$17 million, with \$7 million in in-kind donations. HomeAid maximizes relationships within the building industry to support local service providers who assist families, victims of domestic violence, seniors, veterans, teen mothers and more.

**Make a difference at [homeaidcolorado.org](https://homeaidcolorado.org)**

## BUILDERS FOR BABIES

In addition to Foundation support, Richmond American Homes of Colorado has been the title sponsor of HomeAid® Colorado's annual Builders for Babies diaper drive for five years. This event has distributed over 12.8 million diapers and wipes to families in need. One recipient with only \$38 in her bank account expressed her gratitude through her tears. "I can't believe that someone who doesn't know us, cares about us," she said.

# CREATING AFFORDABLE HOUSING.

Housing insecurity and homelessness can diminish someone's quality of life very quickly. We stand with nonprofit organizations that seek real solutions to the shelter needs in our communities.

## TRANSFORMING LIVES THROUGH HOUSING

Mercy Housing Mountain Plains is on a mission to create stable, vibrant and healthy communities by developing affordable and program-enriched housing for families, seniors and people with special needs. Homeownership is less accessible than it has been in the past, so it is even more important than ever to work toward eliminating homelessness and housing insecurity.

# STANDING BY OUR VETERANS.

Serving in the armed forces can take its toll on our heroes and their families. What we do to lend support, both during and after service, can make all the difference in the lives of those who give so much to protect our country.

## HELP CAN TAKE MANY FORMS

The sacrifice and needs of the SEAL community are unique and require immediate and ongoing aid. Offering everything from warrior support to tragedy assistance, the Navy SEAL Foundation (NSF) has a diverse set of programs geared toward improving health and welfare of our heroes, and empowering their families facing illness, injury, loss and transition.

To get involved, visit [navysealfoundation.org](http://navysealfoundation.org)

## HELPING A VETERAN IN NEED

When a veteran SEAL who exited service in 2003 reached out to NSF, he was in a bad place, needing assistance to recover from substance abuse problems. NSF stepped in to cover his bills while he attended rehab. From there, they enrolled him in a specialized fitness program to address sleep, pain and emotional regulation to prevent relapse. Today, he is still sober, has custody of his children and credits NSF with saving his life.

PROVIDING STRENGTH TO THOSE WHO  
WERE STRONG FOR OUR NATION.

# STANDING BY OUR VETERANS.

When a member of the military makes the ultimate sacrifice, it's important to stand by the survivors left behind. We owe a special debt to those who have lost loved ones in defense of our great nation.

## HONORING SACRIFICE

The Tragedy Assistance Program for Survivors (TAPS) honors those who served in the United States military by providing critical resources to the family members they left behind after passing. TAPS is the national non-profit organization providing compassionate care for the families of America's fallen military heroes. For three decades, TAPS has provided comprehensive, no-cost support for survivors facing complicated grief and trauma as a result of a military death.

If you'd like to help, visit [TAPS.org/support](https://TAPS.org/support)

## A RANGE OF RESOURCES

TAPS provides peer-based emotional support and trauma resources, grief seminars for adults, Good Grief Camps for children, case work assistance, connections to community-based care and a 24/7 information helpline for all who have been affected by a military death.

# STANDING BY OUR VETERANS.

When veterans and members of our military are faced with hard times, it is our responsibility to step forward with aid. Standing by those who have served our country is the duty of our nation.

## BEARING THE FINANCIAL BURDEN

When a loved one must undergo life-saving treatments far from home, expenses can add up fast. Fisher House Foundation (FHF) had a vision of helping both active military and veterans who struggle to afford lodging near a family member in a medical facility. With a network of 96 homes, families of those who are wounded, injured or ill can stay at no cost for as long as the treatment plan recommends. FHF also operates a frequent flyer miles donation program to cover travel and hotel expenses, allowing even more families to be exactly where they need to be.

## STEPPING IN AT A TIME OF NEED

In 2019, veteran José Antommarchi García was diagnosed with a rare form of cancer by a private doctor in his small village in Puerto Rico. Specialized treatment thousands of miles away was his only chance at survival. As a non-English speaker, coordinating this trip felt impossible, but Fisher House stepped in to help him navigate the system and provide a place to stay. Together with his wife Rosa, José traveled to a VA hospital in Chicago where he received the treatment he needed.

# PROMOTING TOLERANCE.

The way to peace is paved with respectful dialogue, building bridges and encouraging mutual understanding and unity, both within the Jewish people and among people of all faiths.

## AN EMBASSY FOR PEACE

It has taken over two decades to build the Museum of Tolerance Jerusalem (MOTJ) and yet its existence has never been more timely. The museum's mission is to illuminate a path of unity by nurturing a culture of mutual respect and personal responsibility, and human dignity in Israel and throughout the world. We can't think of a more noble endeavor. Just as Abraham, the patriarch of three major religions, invited visitors into his tent, the MOTJ embraces individuals from varied backgrounds to manifest a harmonious future.

# PROMOTING TOLERANCE.

Fighting bigotry and bias is a shared responsibility. Standing up for an inclusive community for every culture and background is an important step toward a world without hate.

## FAIR TREATMENT FOR ALL

For more than 100 years, the Anti-Defamation League (ADL) has focused on stopping the defamation of the Jewish people and securing justice and fair treatment for all. As long-time supporters of ADL's Mountain States regional office, we're proud of their initiatives that promote inclusion and help deter bullying and antisemitism through education.

## GOVERNOR'S HOLOCAUST REMEMBRANCE PROGRAM

Holocaust education is a crucial part of ADL's programming. Every year, people of all faiths assemble in Denver, Colorado, to honor Holocaust survivors, as well as remember those who perished. This event is an opportunity to educate the community about this horrible crime to humanity and translate those lessons into contemporary action.

TURNING LESSONS INTO ACTION.

# PROMOTING TOLERANCE.

People fleeing their countries in the face of political unrest, persecution and diminished economic opportunities are often immediately confronted with a new set of challenges. Justice for immigrants means justice for everyone.

## KNOWLEDGE IS POWER

There is no right to court-appointed counsel in immigration proceedings, leaving many to fend for themselves. Rocky Mountain Immigrant Advocacy Network (RMIAN) steps in to be that valuable advocate, using both in-house counsel and pro-bono attorneys to provide representation and legal advice. The ultimate goal: a knowledge of legal rights and a more humane immigration system.

# HELPING THE HOMELESS.

We're always proud to get behind organizations that aid youth experiencing homelessness. From providing shelter to offering medical and mental health care, taking a holistic approach is an effective way to prepare teens for a fulfilling adulthood.

## PEAK ASSISTANCE FOR AREA YOUTH

Urban Peak has shown up for Denver community youth for over 35 years. This amazing organization provides a full convergence of services for youth ages 15 through 24 who are experiencing homelessness. Support for this vulnerable age group is done through street outreach and providing shelter, housing and case management, as well as health care, education and employment services. The goal? To put youth on the path toward self-sufficiency and success.

## THE MOTHERSHIP

In January 2023, Urban Peak broke ground on The Mothership, a new campus offering an innovative approach to integrative services. The new building will replace the current shelter and provide progressively independent levels of housing. A medical clinic, mental health services and life skills development will be provided on site. This revolutionary approach is designed to help more youth get off the streets.

## MOVING PEOPLE OUT OF POVERTY

We've been a proud supporter of Season To Share and its mission to move people out of poverty since the very beginning. Helping the homeless get back on their feet is just one of the ways this organization makes a difference. Due to unstable family situations or spending time in highly institutionalized environments, many youth do not yet have the skills necessary to live on their own. It is our job as a community to help traumatized teens become successful and productive adults.

## AROUND-THE-CLOCK CARE

What started out as one shelter for troubled teens has since become a continuum of services helping youth become productive members of society. Today, Third Way Center offers around-the-clock treatment and care to teens who are high risk, disadvantaged or dealing with complex mental health issues. Third Way's programming now includes eight residential houses in five locations across the Denver area, plus two alternative high schools and four specialized treatment programs.

## GIVING SURVIVORS A FRESH START

We believe everyone has the right to feel safe. For survivors of domestic violence, safety is not a given. Many survivors stay in abusive situations because they fear financial repercussions or physical retaliation. SafeHouse Denver provides the shelter, non-residential counseling and advocacy services needed for adults, children and youth to reclaim their right to a life free from violence. Given this vital mission, lending a hand is an easy choice for us.

Supporting women, particularly survivors of domestic abuse, requires a holistic approach. That may mean providing shelter, a health clinic, or resources for a dependent child. The solutions should be tailored to the needs of the individual.

## COLLABORATIVE SUPPORT

At its core, Rose Andom Center is a family justice center, bringing together nonprofit organizations and government agencies to provide services to survivors of intimate partner violence. ## BUILDING A SAFER LIFE

When Sophie first called Rose Andom Center in 2020, the pandemic was in full force and she was isolated with her abuser. An advocate immediately got to work, helping her with emotional support and safety planning. Sophie's testimony helped convict her abuser of domestic violence. Through a partner organization, Undestructable, she was able to find confidence and a sense of community. Today, she teaches the same job readiness program that helped her build a safer life.

## COMMITTED TO OUR SMALLEST RESIDENTS

Helping children is one of the key reasons we created the MDC/Richmond American Homes Foundation. Children's Hospital Colorado provides world-class care to more than 300,000 children every year, and is among the nation's best medical facilities. Whether it's funding a counselor, an art therapy session or a warm blanket for a sick child, community generosity makes a huge difference. Our contribution helps provide high-quality patient care, education, advocacy and research.

## A HEART FOR KIDS LIKE ANTONIO

Known as "Baby Superman" in his Albuquerque, New Mexico, hometown, Antonio has been defying the odds since before he was even born. An ultrasound revealed he had multiple heart defects, so his family turned to fetal cardiology experts at Children's Colorado. There they found hope. Antonio has received three open-heart operations and may need a heart transplant in the future, but today he is a happy and healthy little boy who loves superheroes and dinosaurs.

*"We're so grateful to Children's Colorado," said his mom, Shelby. "We wouldn't have Antonio without them."*

*High schooler, Emma, was treated for an eating disorder at Children's Hospital Colorado in 2021.*

PROVIDING LIFESAVING CARE  
FOR CHILDREN SINCE 1908.

# ENHANCING HEALTH CARE.

Good health can enhance lives and extend lifespans, but poor and vulnerable populations often struggle to attain access to even the most basic care. We aim to rewrite that narrative by giving to causes that serve struggling and overlooked members of our community.

SAINT JOSEPH HOSPITAL

150 YEARS | 1873-2023

## A LEGACY OF HEALING

Saint Joseph Hospital is one of Denver's founding institutions, established in 1873 when the Sisters of Charity of Leavenworth opened Colorado's first private hospital in a six-room brick house in the heart of downtown. It is also the state's oldest medical training institution. We are proud to support advancing excellence at Saint Joseph Hospital through its premier cardiovascular and heart surgery programs, comprehensive women's health services and innovative respiratory care.

## SAINT JOSEPH HOSPITAL MISSION STATEMENT

Giving to the Saint Joseph Hospital Foundation was an easy choice for us. We're inspired by the mission statement of our state's oldest medical training institution:

*"We reveal and foster God's healing love by improving the health of the people and communities we serve, especially those who are poor and vulnerable."*

# ENHANCING HEALTH CARE.

We're on a mission to elevate individuals in our community who are desperately in need of support and care. When we focus on underfunded causes, we open doors for many who would otherwise be left behind.

## AIDING AN OVERLOOKED COMMUNITY

As personal accounts and studies show, many families that have a child with Down syndrome are stable, successful and happy. What many people don't know is that Down syndrome is the least-funded genetic condition in the United States. Physical and intellectual challenges, plus a variety of genetic predispositions caused by this condition, demand modern research and support. We are proud to help correct the disparity of national funding.

## BE BEAUTIFUL BE YOURSELF® FASHION SHOW

The community has come together every year since 2009 for the Be Beautiful Be Yourself® Fashion Show, the largest fundraiser for Down syndrome in the world. Proceeds from this glamorous event, which exceed \$26 million to date, fund advocacy and education, as well as life-changing and life-saving research and medical care, for individuals with the condition.

# ENHANCING HEALTH CARE.

Funding research, patient support and education programs for diseases and disorders that affect so many people is a large part of our mission to build better communities.

## FINE CARE THROUGH FUNDING

As one of the largest diabetes institutes in the world, the Barbara Davis Center for Diabetes provides state-of-the-art treatment for diabetes and associated disorders. Children's Diabetes Foundation is the institute's fundraising arm, which makes vital diabetes research and educational programs possible for patients of all ages and nationalities.

## HAVING A BALL RAISING FUNDS

Since 1986, the Carousel Ball has raised funds for the Barbara Davis Center for Diabetes and the Children's Diabetes Foundation. Proceeds from this highly anticipated event, which features dinner, as well as silent and live auctions and musical performances, are all directed toward public awareness, diabetes research and patient support.

# LEARNING FROM HISTORY.

Learning from history is key to empowering individuals to do their part to combat the threat of terrorism. We're honored to support initiatives that enhance public safety.

## EMPOWERING CITIZENS

There's no doubt that one of the greatest challenges to global security is the threat of terrorism. The Counterterrorism Education Learning Lab (CELL), a Lion Global Foundation program, offers a comprehensive look at this threat through a renowned event series, training initiatives and a world-class exhibit. When it comes to our safety as a society, it is more important than ever to learn from events of the past to help inform our response in the future.

## COLORADO REMEMBERS 9/11

The CELL's annual commemoration, Colorado Remembers 9/11, is a unique event that pays tribute to the many lives lost on that fateful day in September 2001 and honors the brave service men and women who protect our nation. The 2023 event included a hard-hitting national security forum, featuring Dr. Condoleezza Rice, Admiral James Stavridis and Peter Bergen.

*Colorado Remembers 9/11 was co-hosted by the governor and the mayor of Denver and featured a presentation of military honors with a salute, Taps and a bell ceremony.*

EDUCATE. EMPOWER. ENGAGE.

# LEARNING FROM HISTORY.

Preserving our city's heritage is vital to honoring our founders and improving the area's cultural experience far into the future.

## CIVIC CENTER CONSERVANCY

### RESTORING THE HEART OF A CITY

Imagine what Denver founders must have envisioned for our city a century ago. One thing we know is that city planners originally intended for the Civic Center to become the cultural heart of Denver. In 2004, a group of private citizens set out to make that vision a reality by transforming the 12-acre urban oasis into a premier public gathering place. We believe in preserving our city's heritage, so we proudly fund this organization as it works with the City and County of Denver on revitalization.

**For more information, visit [civiccenterpark.org](http://civiccenterpark.org)**

## A BRIDGE TO THE FUTURE

Looking to 2026, in partnership with the City of Denver and the State of Colorado, the Conservancy hopes to connect the State Capitol, Lincoln Veterans Park and the Civic Center with a pedestrian walking bridge across Lincoln and Broadway.

In honor of those who gave  
their lives for our great nation  
We contribute

RICHMOND  
OF AMERICAN  
FOUNDATION

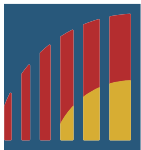

# LEARNING FROM HISTORY.

As the years go by, it's important to take the time to honor those who laid down their lives for the freedom we now enjoy.

## ONE PARK, TWO MEMORIALS

Lincoln Veterans Memorial Park is part of the Capitol Complex in downtown Denver. Our Foundation is proud to support two exceptional memorials dedicated to military veterans.

### COLORADO FALLEN HEROES MEMORIAL

In 2007, former Colorado Governor Bill Ritter signed a law to create a commission charged with erecting a memorial to honor Coloradans killed in action. We decided to do our part by underwriting the cost of construction. Family members, friends and fellow citizens can gather at this memorial to pay tribute to Coloradans who lost their lives during twentieth and twenty-first century military conflicts.

### GENERAL MAURICE ROSE MONUMENT DEDICATION

As the most decorated battle tank commander in American history and the highest-ranking Jewish soldier in World War II, Major General Maurice Rose will be remembered as one of Colorado's greatest heroes. After growing up in Denver, General Rose went on to serve in both World Wars and was killed in action during WWII on Europe's Western Front. The Major General Maurice Rose Monument pays homage to the many who have served and sacrificed for our country.

# LEARNING FROM HISTORY.

Local history should be preserved and shared. Everyone should know where we've come from before embarking on a bright future.

## History Colorado

### CELEBRATING OUR STATE'S RICH HISTORY

Preserving Colorado history and sharing it with generations to come has always been important to us. Our funding helped History Colorado Center open its doors to the public in 2012 to rave reviews both locally and nationally. Featuring hands-on exhibits, interactive displays and special outreach programs, this innovative center is Colorado's designated history museum and a popular gathering place in the heart of downtown Denver.

For more information, visit [historycolorado.org](http://historycolorado.org)

## REMEMBERING THE AMERICAN WEST

*"Our Foundation is honored to have its name on History Colorado Center's Terrace Room. This room is just one of many spaces for members of the community to gather for celebrations and education. The museum does a great job reaching multiple generations through artifacts, stories and art."*

# LEARNING FROM HISTORY.

A vibrant culture is dependent on our ability to explore our rich past and let that legacy invigorate our future.

## A CELEBRATION OF WESTERN LIFE

For 16 days every January, Colorado is reminded about the West's great legacy. The National Western Stock Show (NWSS) is a place to learn about Western art, heritage and culture. Established in 1906, today's event attracts more than 700,000 visitors each year. The scope and importance of this event have rightfully earned it the nickname, "The Super Bowl of Livestock Shows."

To learn more, visit [nationalwestern.com](http://nationalwestern.com)

## HONORING THE LEGACY OF THE WEST

NWSS strives to strengthen American agriculture through enrichment programs and youth education. This includes college- and graduate-level scholarships in agriculture, rural medicine and veterinary medicine. A \$100-million+ campaign is currently underway to serve as a catalyst for continuing this commitment to education, while providing state-of-the-art NWSS facilities. This urban renewal project encompasses four new buildings, including livestock and equestrian centers.

# STANDING BY OUR HEROES.

Supporting our public servants by providing them with the resources they need to form a diverse and inclusive department is an important part of our mission to lift up communities.

## PROTECTING OUR COMMUNITY

We've always been proud to enhance public safety through supporting local law enforcement. The Denver Police Foundation is committed to building up a diverse, community-oriented law enforcement agency. This includes funds for educational programs and initiatives that improve the quality of life for all residents, as well as the latest technology. One pilot program includes a 300-degree simulator to help train officers on de-escalation techniques.

## HONORING OUR HEROES GALA

---

Every year, the Denver Police Foundation gathers to recognize the bravery of police officers and those injured in the line of duty. Community donations are accepted to purchase life-saving equipment. In 2023, the Foundation is setting aside funds to obtain much-needed rifle-rated ballistic vests.

ENSURING OUR SAFETY  
FOR YEARS TO COME.

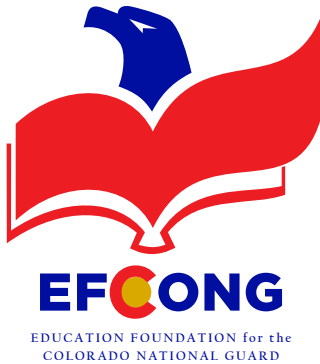

# STANDING BY OUR HEROES.

Members of the military sacrifice so much for our country, many times putting off civilian careers in pursuit of protecting our nation. Giving back in the form of college grants honors their dedication with an education that will serve them for a lifetime.

## SUPPORTING EDUCATIONAL GOALS

It's not uncommon for members of the Colorado National Guard to leave their stable, full-time jobs for active duty and deployment all over the world. The Education Foundation for the Colorado National Guard (EFCONG) was created in 2004 to provide soldiers, airmen and their families a financial boost to pursue college degrees and trade school programs. Since inception, EFCONG has awarded more than 430 grants totaling over \$512,000.

To donate, visit [efcong.org](http://efcong.org)

## AID FOR COLORADO'S BRAVE

*"Without funding from the Education Foundation for the Colorado National Guard, many of our state's brave warriors wouldn't be able to pursue their educational goals. We're proud to contribute to such a worthy cause."*

HONORING SACRIFICE  
& BUILDING MORALE.

# STANDING BY OUR HEROES.

We always strive to elevate communities, and in order to do that, we must support the real people behind the organizations that protect our citizens. A safe community is a better community.

## AID FOR PEACE OFFICERS

Founded in 1980, the Colorado State Patrol Family Foundation was created to support public safety employees and their families. This is accomplished through programs like the 10-78 Fund, which provides aid to the families of all Colorado peace officers killed in the line of duty, and the Hardship Fund that offers grants to Colorado State Patrol (CSP) members experiencing economic struggles. In 2022, the Foundation's Board of Trustees awarded \$200,000 in hardship assistance and contributed nearly \$300,000 to help CSP address Trooper housing concerns, member mental wellness needs and statewide Troop Office community outreach efforts.

FOUNDATION**

## GRATITUDE THROUGH GIVING

Firefighters in Denver show an unwavering dedication to the community and its residents. We're inspired every day by their efforts to keep our neighborhoods safe and secure. Giving back starts by supporting programs for firefighters to improve their quality of life. From new gear and exercise equipment to advanced response training, the Denver Fire Department Foundation's mission is to improve public safety by first meeting firefighters' needs.

# AID FOR THOSE IN NEED.

Everyone has something to give. Everyone can make a difference—one step, one dollar, one dream at a time.

## GIVING TIME, SKILLS AND RESOURCES

Volunteers of America understands that everyone has something to give, whether that's time, skills or resources, and that's a conviction we're proud to get behind. With a vision of safety, justice and hope, VOA helps the most vulnerable and underserved people in our society reach their full potential. We're happy to share that in 2022 alone, 16,192 Colorado volunteers clocked in over 200,689 hours of service.

## BRINGING ORPHANED KIDS HOME

According to 1MILLIONHOME, there are millions of children across the globe in orphanages, or on the streets, despite the fact that 80% of them having a living parent. 1MILLIONHOME works to shift the mindset and act on community-based models that reunite children with their families and eradicate practices leading to family separation.

## SARAH'S STORY

---

When her mother became unstable and unable to care for her, 6-year-old Sarah went into a partnering orphanage and stayed there for eight years. After speaking with her mother, social workers were finally able to locate where Sarah's father was living. When the team brought 14-year-old Sarah to meet her father and his side of the family for the first time, they were overjoyed to see her.

## HUMANITARISM AT WORK

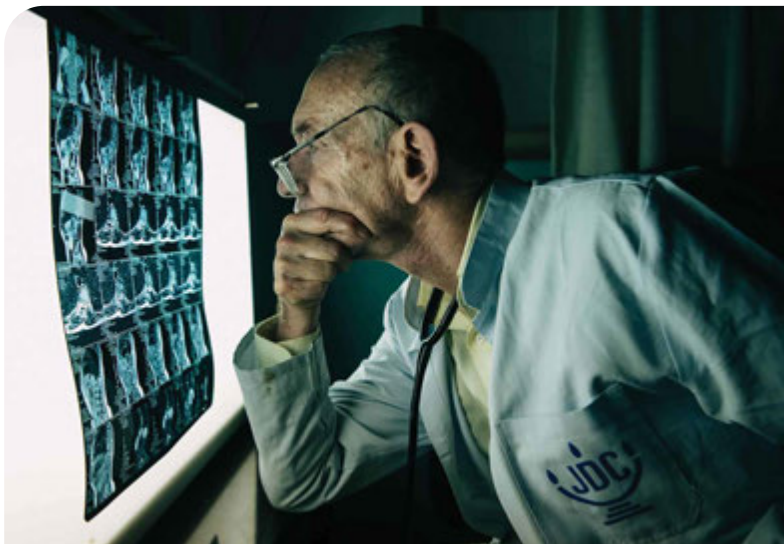

The American Jewish Joint Distribution Committee (JDC) has been supporting some of the world's most vulnerable for over a century. From rebuilding after the Holocaust to providing aid for natural disasters, JDC has responded to humanitarian crises through innovation in over 70 countries. As the leading global Jewish humanitarian organization, JDC will continue to look for ways to transform lives across the globe.

## ETHIOPIAN SPINES PROGRAM

Born to farmer parents in the city of Sodo Gurage, Asrat had severe scoliosis due to a bout with childhood polio. His spinal deformity became more pronounced and painful with time, and he was constantly bullied at school. In 2021, JDC's spine outreach program, led by Dr. Rick Hodes, visited the area. Two surgeries later, Asrat's spine is straight and he's studying agroeconomics at Ambro University. The Ethiopian Spines Project has treated over 1,300 similar spinal patients and hundreds more are awaiting surgery.

## RESTORE AND PROTECT

The Greenway Foundation has been leading efforts to reclaim the South Platte River and all its tributaries since the 1970s. They provide access, expert education and numerous opportunities for our community to experience the wonders of our riverfront habitat. Accomplishments throughout the years include \$500 million in green improvements, resulting in 100 miles of hiking and biking trails, 20+ parks and natural areas and so much more.

## GREEN INITIATIVES & SUSTAINABILITY

Healthy parks help grow healthy communities! That's why we're proud to support The Park People and their passion for our local parks, city trees and other shared community resources. The Park People spearhead programs that encourage urban forest development and other green initiatives, especially in Denver's low-income and low-canopy neighborhoods.

Discover the impact at [theparkpeople.org](http://theparkpeople.org)

## DENVER DIGS TREES

For more than 40 years, The Park People's Denver Digs Trees program has been offering free and low-cost trees for all Denver residents. They distribute around 1,200 trees every Earth Day, including drought-tolerant varieties, with more than half going to low-canopy areas. Each year, these trees capture over 8 million pounds of carbon and take in approximately 59,000 pounds of pollutants, enriching the local environment and nurturing a greener community for all.

## GOING GREEN WITH COMMUNITY DEVELOPMENT

Jewish National Fund-USA's strategic vision is to ensure a strong, secure and prosperous future for the land and people of Israel—accomplished through community development in Israel's north and south. JNF-USA builds houses and parks, sources water solutions, builds bomb shelters, buys fire trucks and improves the lives of people with special needs. JNF-USA builds medical centers and trauma centers, funds agricultural and culinary research and runs an American semester abroad high school in Israel.

## OUR LEGACY STARTS AT HOME.

This report is more than a record of our giving. It's a vision come to life. The stories that grace these pages are just a small sampling of the impact the MDC/Richmond American Homes Foundation has had on individuals, groups and communities over the years.

*Now the journey continues. And we sincerely hope you join us as we work toward a better tomorrow.*

“AS WE PROMOTE TOLERANCE, PROVIDE SHELTER, MAKE HOUSING AND HEALTH CARE  
EQUITABLE, AND AID THOSE IN NEED, WE’RE BUILDING A LEGACY THAT WILL LAST  
FOR GENERATIONS TO COME.”
